

2-in-1 Toilet descaler

Gel

Toilets connected to septic tanks & macerators

- ✓ Cleans and descales, restores whiteness and shine
- ✓ 2-in-1 clinging scented gel, provides bacteria that regulates sludge and maintains the tank
- ✓ Leave to act for 20 min (overnight for stubborn stains)

FEATURES

Standard toilet descalers clean the bowl but their chemicals disrupt septic tank bacteria. This scented gel does both: its active ingredients clean and descale the bowl, while adding non-pathogenic bacteria that regulate sludge levels and maintain the septic tank between biological activator treatments. Its clinging texture adheres to vertical walls and under rims where limescale builds up.

INSTRUCTIONS FOR USE

- ✓ Apply generously onto the bowl sides and under the rim.
- ✓ Leave for 20 minutes before scrubbing and flushing.
- ✓ Stubborn stains: leave overnight, then scrub and flush thoroughly.

RECOMMENDATIONS

- ✓ Compatible with: toilets, macerators, and septic tanks.
- ✓ Enhances septic tank operation.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
