

SEPTIC TANKS
1008800

Septic tank maintenance micro-beads 6 months

Micro-beads

Septic tanks, all-water tanks, grease traps, soakaways

- ✓ Liquefies paper and organic matter, reduces sludge
- ✓ Patented micro-beads: continuous 6-month diffusion, ideal for secondary homes (no weekly maintenance)
- ✓ 1 application = 6 months

FEATURES

A single dose ensures up to 6 months of maintenance for your septic tank.

The micro-beads gradually release specific bacteria and enzymes that maintain biological balance, break down organic matter, reduce sludge formation, and limit bad odours.

This sustained release guarantees long-lasting action between pump-outs, even in the presence of household chemical residues.

Patented process: France (No. FR2831080) - Belgium (No. BE1014953).

INSTRUCTIONS FOR USE

- ✓ Pour the entire contents of the box into the toilet bowl using the side spout.
- ✓ Flush twice.
- ✓ A single dose provides 6 months of maintenance and keeps the septic tank healthy and balanced.

RECOMMENDATIONS

- ✓ Avoid excessive bleach.
- ✓ No wipes or oils.
- ✓ Zero solvents or corrosive products.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
