

Rainwater treatment

Powder

Outdoor rainwater tanks & cisterns

- ✓ Clarifies water and eliminates odours, breaks down organic matter, reduces limescale and softens water
- ✓ Chlorine-free, reusable water (sanitary facilities, laundry, pool, watering, non-potable), treats up to 6,000 L
- ✓ 1 dose/100 L every 2 months (up to 500 L) or 5 doses/1,000 L, wait 48 h

FEATURES

Ideal biological* solution if your rainwater is cloudy, milky or gives off foul odours. This treatment clarifies water and eliminates odours in your outdoor tank or cistern. Its formula based on micro-organisms actively breaks down accumulated organic matter.

INSTRUCTIONS FOR USE

- ✓ Pour the powder directly onto the surface of the tank, preferably at the end of the day.
- ✓ Leave overnight and wait 48 hours before using the treated water.
- ✓ Dosage (every 2 months):
- ✓ Up to 500 L: 1 dose (30 g) per 100 L of water.
- ✓ From 1,000 L: 5 doses per 1,000 L of water.
- ✓ Repeat the process in case of heavy rain (avoid using the product right before a rainfall).

RECOMMENDATIONS

- ✓ This product does not make water potable.
- ✓ Compatible with: watering (chlorine-free), sanitary facilities, washing machine or swimming pool.
- ✓ Suitable for septic tanks.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
