

Hyper-concentrated rainwater treatment

Powder

Outdoor rainwater tanks & cisterns

- ✓ Clarifies water and eliminates odours, breaks down organic matter, reduces limescale and softens water
- ✓ Chlorine-free, reusable water (sanitary facilities, laundry, pool, watering, non-potable), 1 sachet = 2,000 L
- ✓ Leave to act for 24 h, repeat every 2 months

FEATURES

Ideal biological* solution if your rainwater is cloudy, milky or gives off foul odours. This treatment clarifies water and eliminates odours in your outdoor tank or cistern. Its formula based on micro-organisms actively breaks down accumulated organic matter.

INSTRUCTIONS FOR USE

- ✓ Pour the contents of the sachet directly into the rainwater tank or cistern.
- ✓ Dosage: use 1 sachet of 40 g for a volume of 2,000 L of water.
- ✓ Leave to act for 24 hours before reusing the water.
- ✓ Frequency: repeat the operation every 2 months (increase frequency in case of heavy rainfall).

RECOMMENDATIONS

- ✓ This product does not make water potable.
- ✓ Compatible with: watering (chlorine-free), sanitary facilities, washing machine or swimming pool.
- ✓ Suitable for septic tanks.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
