

Kitchen drain maintenance

Gel

Kitchen sink drains

- ✓ Eliminates food residues and grease, prevents blockages and odours
- ✓ Enzymatic, free from acid and caustic soda, septic tank safe, fragranced
- ✓ Maintenance: 2 capfuls/week (treatment: 4 capfuls/day for 3 days, leave for 8 h)

FEATURES

In the kitchen, grease and food residues solidify on pipe walls and gradually form blockages. Its enzyme-based formula breaks down these deposits week after week and eliminates lingering odours. Without acid or caustic soda, it respects pipes and septic tanks while leaving a pleasant fragrance. A weekly habit that prevents clogging.

INSTRUCTIONS FOR USE

- ✓ Shake bottle well before each use.
- ✓ Maintenance: pour 2 capfuls/week into each drain.
- ✓ Unblocking: pour 4 capfuls over 3 days.
- ✓ Leave to act for 8 hours, preferably overnight.

RECOMMENDATIONS

- ✓ Safe for all drains (plastic, metal, chrome) and septic tanks.
- ✓ Keep out of reach of children.

* The product or its components are not derived from organic farming. The term 'bio' or 'biological' refers to enzymes derived from microbiological organisms.
